

Overview

This session will guide you through a structured **5-step framework** to evaluate AI opportunities and assess their business impact.

Al Business Value Framework and Guiding Questions

Hands-On Activity: Al Business Value Assessment

Your Task: Apply this framework to an assigned Al use case.

Step-by-Step Instructions

- 1 Review Your Al Use Case Scenario (Instructor will assign scenarios)
- 2 Use the Al Business Value Scorecard (Evaluate feasibility, impact, and risks)
- 3 Prepare a Summary (Justify your Al decision & prioritization)
- **Present or Submit Your Findings** (Team presentations or individual submission)

Al Business Value Scorecard and Scenarios

Al Business Value Scorecard

Scenarios:

Al for Predictive Maintenance in Manufacturing

AI-Driven Customer Personalization for a Retail Bank

Al-Powered Workforce Planning for a Healthcare System

Al for Supply Chain Optimization in Consumer Goods

Discussion & Reflection

- What was the biggest factor influencing your AI decision?
- How did feasibility vs. impact shape your prioritization?
- What would improve AI business evaluation in your organization?
